PROFILE

Front-End Angular Developer skilled in TypeScript, RxJS, NgRx, Angular Material, Bootstrap. Skilled in building responsive web apps with JWT Authentication, RESTful APIs, and MongoDB integration.

SKILLS

- **Front-End:** Angular, TypeScript, RxJS, NgRx, Bootstrap, HTML, CSS, JavaScript
- **Back-End:** Node.js, Express.js, MongoDB (Mongoose), RESTful APIs
- **Tools & Testing:** Git, GitHub, Postman, Karma, Jasmine

PROJECTS

Sales & Inventory System (MEAN Stack)

- Developed a full system with Authentication & Role-based Authorization (JWT, Admin/User)
- Built Product & Category CRUD, Cart & Orders, and an Admin Dashboard with charts.
- Used Angular (TypeScript, RxJS, NgRx, Testing, Material, Bootstrap for a responsive UI).
- Built RESTful APIs with Node.js, Express, MongoDB and deployed the project on Render.

[#Live-Render](#)
